WEEK 6 (SEPT. 28-OCT. 2) - CATCH-UP WEEK

In this regard, please be reminded of the following:

1. There will be no synchronous sessions during the week except when deemed necessary by the subject teacher/s concerned for re-teaching, review or reinforcement of a topic or lesson especially covered in the upcoming QSA based on students' assessment results, conduct make-up quizzes or give Summative Assessments (SAs), or clarify instructions for unfinished activities/tasks. In this case, teachers will make announcements on Canvas regarding synchronous class schedules when needed and will remain available for consultations during the week.
2. Students may use the Catch up Week to comply with missed or unfinished assessments, assignments, or any Canvas LMS works in consultation with teachers.
3. Teachers will re-open Week 1 - 5 modules on Canvas for students to review past lessons and/or formative assessments in preparation for the First Quarterly Assessments on Week 7 (Oct. 5-9). Students must check Canvas homepage of their course tiles for the QSA pointers to review.
4. A mock/simulation exam will be given to Lower Grades students on October 1, Thursday, during the Homeroom Period until the First Period to rehearse them on the procedure for the online First Quarterly Assessment.

GUIDELINES FOR STUDENTS DURING EXAMS

1. Go to your homeroom tile. Your homeroom adviser will give you the meeting link where you are supposed to enter and for JHS, your exam group number.
2. The exam room is in Google Meet since exams will last for an hour. Make sure to login to google chrome using your student gmail account (the one with .usls.edu.ph). Once you are logged in using your usls account, you will not have to wait for the host to admit you in the room.
3. The meeting room will be open for the whole duration of the exam so you will not need to logout or leave. During the break, simply turn off your video and your audio. Please, do not share the Meeting details/meeting link.
4. Video should be ON at all times during the exam. Audio is turned off to prevent any unwanted noise from coming in. Remind your parents to secure a better internet connectivity for you at least during the exam week.
5. Proctors will be watching over you and teachers are moderating and monitoring your activity during the exam. Teachers can detect if a new browser has been opened or you left the exam browser while taking the test.
6. When the proctor gives you the signal to start, you will proceed to the course tile of the subject area on schedule. You will find the links you need to proceed to the exam once you are in the homepage of the subject.
7. Read the instructions carefully and enter the access code properly so that you could take the test. The access code is found in the homepage of your subject.
8. If you need to ask questions about the exam, type your question in the chat box for the proctor/teacher to know and acknowledge. Do not unmute your audio so as not to disturb others.
9. Remind family members to give you enough space during the exam to limit distractions and interruptions.
10. Read and understand by heart the Lasallian Declaration of Academic Honesty. Copy of this will be found in your exam page.
11. Should there be power interruptions or internet connectivity issues or you are physically unwell or in case of any untoward incident that may deter you from taking the exams synchronously, immediately notify your Homeroom Adviser or call the LVP Office who will give you advice on what to do.
