

BACHELOR OF SCIENCE IN MANAGEMENT ACCOUNTING

Program Description

The Bachelor of Science in Management Accounting (BSMA) Program provides general accounting education to students wanting to pursue a career in Management Accounting. It develops the knowledge, skills, and attitude that prepare graduates to take assessments leading to certification in Management Accounting given by global professional Management Accounting organizations. In addition, the Curriculum provides a strong foundation for its graduates to become Certified Accounting Technologists (CAT).

Program Learning Outcomes

The BSMA program aims to produce the following graduate outcomes:

1. Demonstrate and act in recognition of corporate citizenship, professional, ethical and social responsibility.
2. Function effectively as a member and/or leader in teams, preferably multi-disciplinary in composition.
3. Use proper decision tools including information and communication technology, to critically, analytically and creatively solve problems and drive results.
4. Implement the basic functions of management (such as planning, leading, organizing, staffing, directing and controlling) in various functional areas of business (marketing, accounting, finance, human resource, production and operations, IT and strategic management)
5. Engage in independent learning for continual development as a business professional, while generating new knowledge and keeping abreast with the latest developments in the field of Management Accounting.
6. Communicate effectively with stakeholders, both orally and in writing.
7. Resolve business issues and problems, with a global perspective and particular emphasis on matters confronting financial statement preparers and users, using their knowledge and technical proficiency in the areas of financial accounting and reporting, cost accounting and management, management accounting, auditing, taxation, and accounting information systems, and finance.
8. Demonstrate self-confidence in performing functions as a professional accountant.
9. Employ technology as a business tool efficiently and effectively in capturing financial and non-financial information, generating reports, and making decisions.
10. Apply knowledge and skills that will enable them to successfully respond to various types of assessments (including professional licensure and certifications).
11. Preserve and promote Filipino historical and cultural heritage.
