

MASTER IN EDUCATION (MEd) Major in MUSIC, ARTS, PHYSICAL EDUCATION and HEALTH (MAPEH)

Program Description

This is a non-thesis program designed to develop the competencies of basic education teachers in handling Music, Arts, Physical Education and Health. The courses are designed to provide sufficient depth to ensure that students get a good grasp of the basic principles and concepts in music education, arts, physical education and health.

Program Educational Objectives

1. Exhibit deeper understanding of both basic and advance movement concepts and skills necessary for basic education program;
2. Promote a higher level of aesthetic senses that provides opportunity for wellness;
3. Enhance and expand theoretical and technical knowledge for teaching the discipline and at the same time being socially aware; and
4. Integrate action research in the design of classroom activities.
