

# **MASTER IN EDUCATION (MEd)**

## **Major in VALUES EDUCATION**

### **Program Description**

This is non-thesis program designed to train elementary, secondary teachers in identifying values worthy of emulation among students in the elementary and secondary level.

### **Program Educational Objectives**

1. Exhibit deeper understanding of both ethical and moral dimensions of life;
2. Commit to personal and collective action for social innovation and transformation through Christian leadership;
3. Develop higher learning skills and competence responsive to the community and workplace; and
4. Integrate action research in the design of instructional activities.
